

FTP with Firefox version 2

You need to download this add on to FTP in Firefox

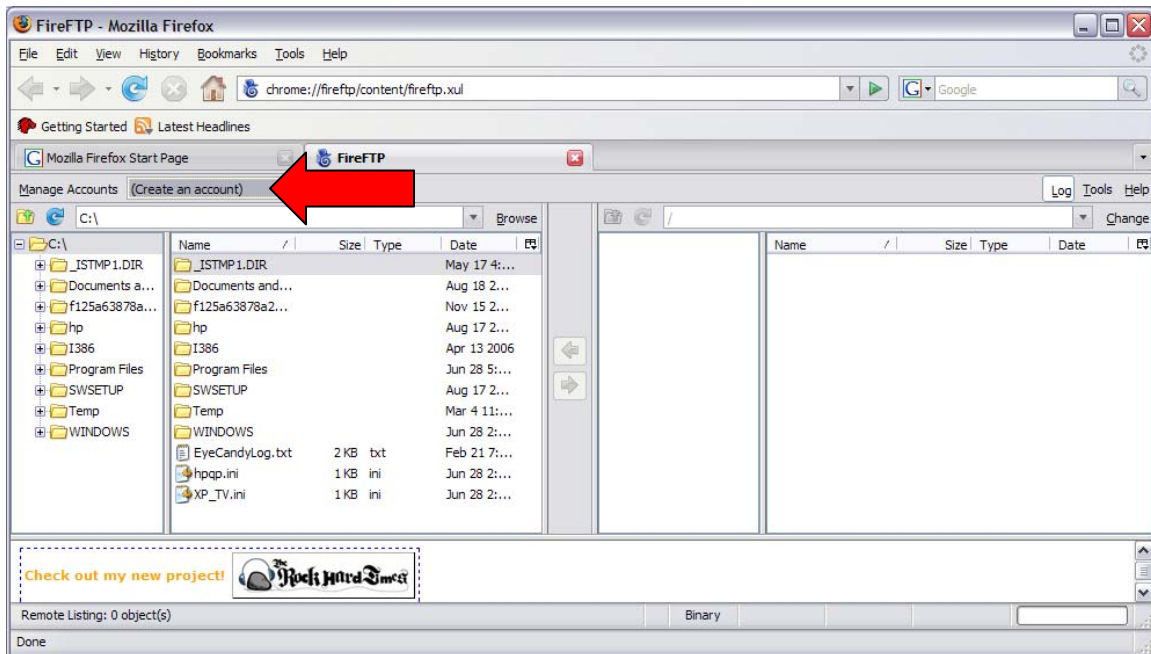

Go to: <https://addons.mozilla.org/en-US/firefox/addon/684> and download the add-on.

Once you have downloaded the add-on and restarted Firefox follow the below instructions:

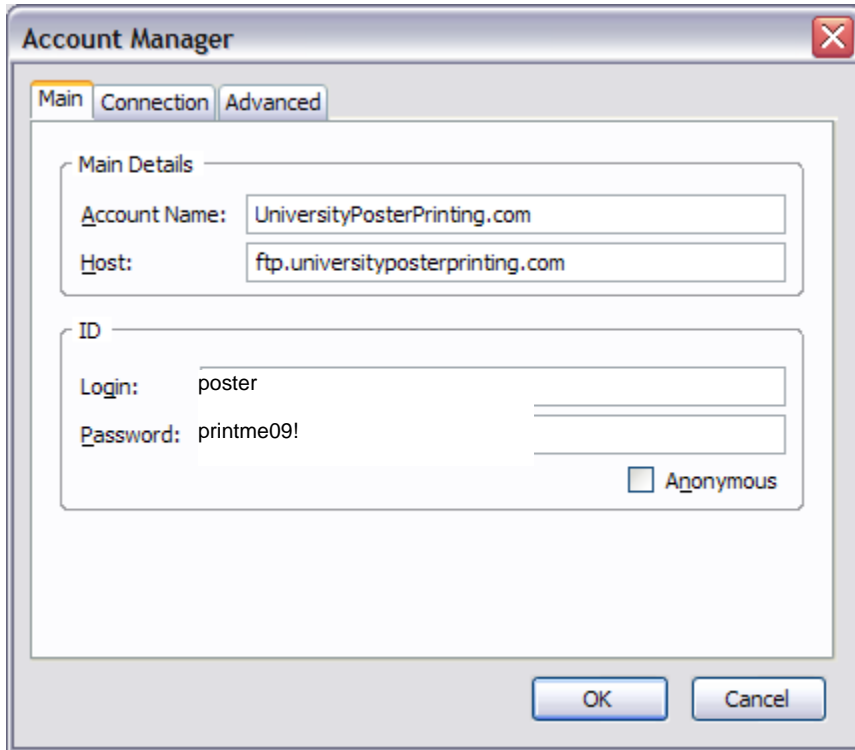

Go to the TOOLS menu and select FireFTP...

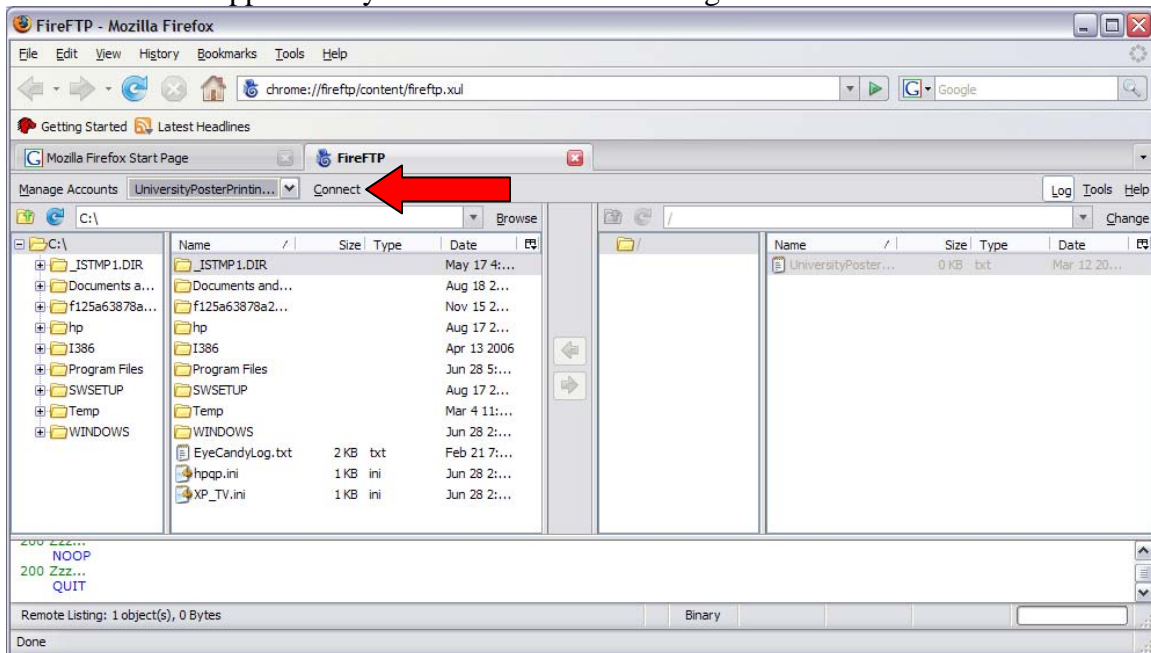

You should see the screen below. Click on create an account...

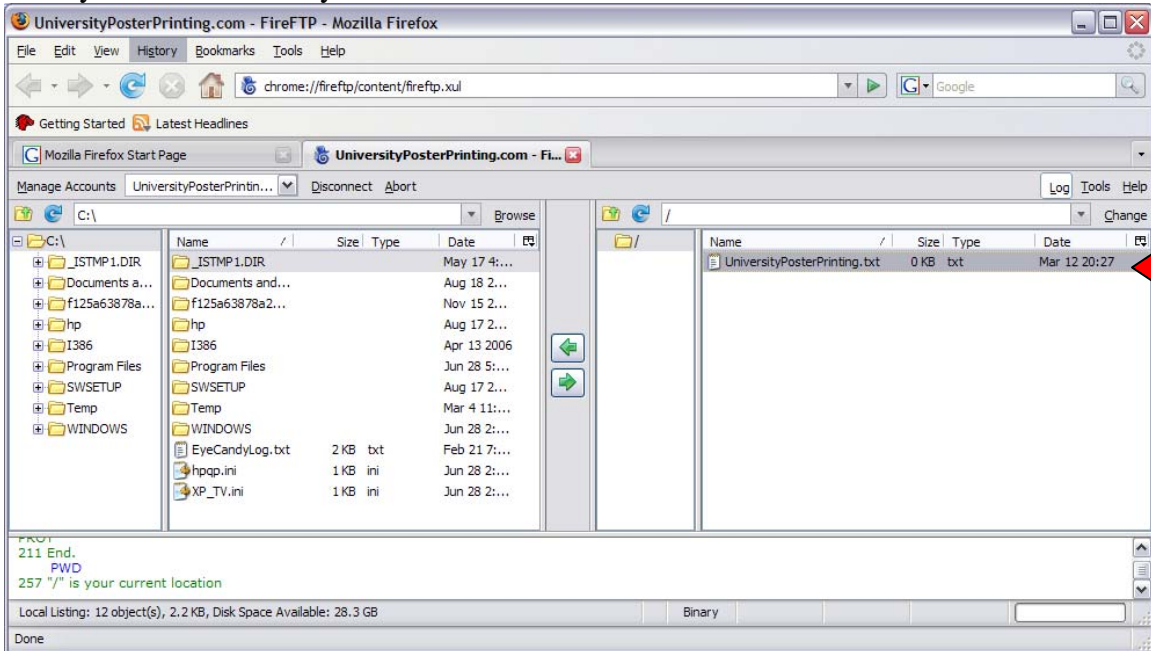

You will see the below window fill in as below... the password is printme09!
Click OK

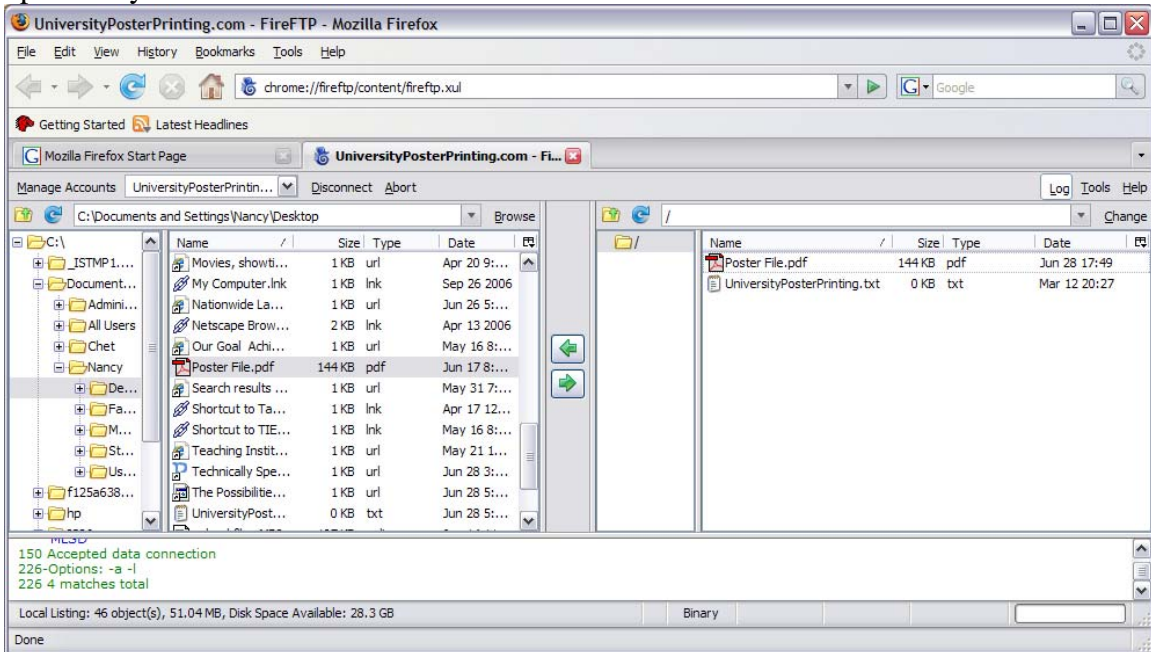

The box will disappear and you will see this window again. Click on Connect

Once you are connected you will see our text file...

Go to the location where your file is and double click the file name or click the arrow to upload your file. Once you see your file in the right window you have successfully uploaded your file to our server.

We should have received your order form by now and are awaiting your file. If you have not yet filled out an order form please go to the UniversityPosterPrinting.com and click on Order Your Poster Now. Once your file is received we will review it and get back to you immediately with any questions or concerns. If there are no questions or concerns it goes right to print. You will receive a shipping confirmation e-mail from us that your poster is on its way. Any questions please call us 410-557-2775...we are here to help!

As always, Thanks for choosing UniversityPosterPrinting.com!
